CARING FOR YOUR CHIMERA AND BUCK MASTER FIREARMS

When you purchase the Chimera or Buck Master firearms, you will receive an Inspection Guide. This guide is designed to help you identify any wear and tear on your firearm and determine when it may require minor or major servicing.

To support your firearm maintenance, we provide both minor and major service kits containing all the necessary replacement parts to keep your firearm in optimal condition. Regular maintenance ensures your firearm remains reliable and prevents unexpected breakdowns that could disrupt your competition or hunt.

PREVENTATIVE MAINTENANCE MATTERS

Proper preventative maintenance is crucial to avoiding firearm malfunctions. Firearms, like vehicles, require routine care to ensure longevity and functionality. Neglecting this responsibility can lead to damage that is not covered under warranty.

WARRANTY AND REPAIR POLICY

Your Chimera or Buck Master firearm comes with a 2-year manufacturer's warranty. If a breakdown occurs due to a warranty fault, we will take care of the repairs. However, you are responsible for maintaining your firearm in good working condition. Repairs caused by neglect or lack of proper maintenance will be charged accordingly.

KEEP YOUR FIREARM READY FOR ACTION

Routine inspections and timely servicing are key to ensuring your firearm is always ready when you need it. By following the provided guide and utilizing our maintenance kits, you can confidently enjoy your hunting or shooting experience without interruptions.

MAINTENANCE KIT DETAILS

Minor Maintenance Kit: Includes essential parts that experience the most wear, such as recoil springs and O-rings.

Major Maintenance Kit: Contains all the components of the minor kit, as well as additional parts like all springs, bolt locking lugs, and a complete trigger group.
